Commission Legislative Process Guidance

**Prepared by:** Sharon W. Kiefer

**Background:** Staff will brief the Commission about the approval status of department legislative proposals that were submitted in bill form to the Executive Agencies Legislation System (EALS) for Governor Office approval. Legislative proposals that have been approved by the Governor's Office will be forwarded to either the House Resources and Conservation Committee or the Senate Resources and Environment Committee for a print hearing once the 2016 legislative session begins.

Staff will also review the previous Commission legislative process including weekly Commission conference calls and legislative analysis to gain Commission guidance for the upcoming 2017 session. During several previous sessions, the Commission has chosen to meet via weekly conference call to evaluate legislative proposals related to fish and wildlife management and administration of the Department and determine whether a policy position is warranted.

A staff legislative analysis sheet proposed for use during the 2017 session is attached for consideration.

**Statutory Authority and/or Policy issues:** Commission has responsibility to provide policy direction for Department-sponsored legislation and to provide policy guidance relative to other legislative initiatives and process.

**Public Involvement Process:** The Commission held a public hearing prior to their policy approval of legislative ideas in July and there will be continuing public opportunity at upcoming Commission meetings during the legislative session. Public input for specific legislative proposals during the 2017 legislative session is also expected.

**Staff Recommendation:** Continue a 2017 legislative process similar to 2016 with modification as directed by the Commission, including establishing the 2017 calendar. Direct staff to initiate support work such as public notice to implement the Commission legislative process.

**Justification:** Define the Commission's legislative process to facilitate timely and effective policy input during the 2017 legislative session.
